

# Fall 2009 ARC Research Funding Opportunities for Students and Faculty

The Africana Research Center (ARC) provides monetary support for research/scholarship that addresses critical issues about the African Diaspora. Our mission is to encourage and support research and scholarship that (a) enhances the lives of African people across the Diaspora, and (b) serves as a catalyst for promoting an enabling environment where cultural production and discourse on diversity can be nurtured to advance the research, teaching and outreach mission of Penn State. We strongly encourage the development of interdisciplinary work.

Three levels of funding mechanisms exist, one student and two faculty:

- |                            |          |
|----------------------------|----------|
| 1. Student Level Maximum   | \$ 1,000 |
| 2. Faculty Level 1 Maximum | \$ 2,000 |
| 3. Faculty Level 2 Maximum | \$ 7,500 |
